

22 The table shows government expenditure and revenue in selected years.

year	government expenditure \$bn	tax revenue \$bn
1	500	500
2	600	400
3	700	300

What might explain the changes in the government's budget over the period?

- A** a fall in the dependency ratio
- B** a fall in the exchange rate
- C** an increase in cyclical unemployment
- D** an increase in real GDP
