

NOT TO
SCALE

The diagram shows a garden.
The garden has a circular pond and the shaded area is grass.
The width of the grass area is equal to the diameter of the pond.

(a) Find the area of the pond.

..... m^2 [2]

(b) Find the area of the grass.

..... m^2 [2]

(c) Find the percentage of the garden that is grass.

..... % [2]
